String Making Jig

Yellowstone Dream Machine-

used by pros and dealers worldwide for high quality compound, recurve and crossbow bowstrings up to 108" long.

- String posts for tying smallest loops
- Thumb screws for easy adjustments
- Easy glide string post bushings prevent slide-off and stretch
- Removable posts, movable legs and string armatures
- Durable electroplated steel construction
- Tape measure included
- Comes with Stringmaking CD

Also available:

Micro String Stretcher

Archery Backstop Netting

Polyester material, white, with high ultraviolet resistance. Custom made to specified length. 8'3" high with heavy 2" reinforcement at the top and brass grommets every 12" along the top for hanging.

This netting must be hung loose and free- not tight. Must not be used with carbon arrows. It should never be used to protect people or property.

ML-6 Wax

A silicone based wax; strongly recommended as a maintenance wax on all bowstring materials. Offered in tube dispensers for archers and in 1 1/4 oz. cubes for stringmakers.

Servers

BCY Model 26 Server: Large exit eyelet reduces abrasion; adjustable tension control.

Also available: Cavalier Server.

Serving Saver

The ideal solution for buss cable serving separation problems. Also used on center serving to reduce wear from release.

Spool size: 100 ft. jig spool

String Making Instructions

Making a Bowstring CD (System requirements: Windows 98 or higher)
